Arlington—Fairfax loses another great member

In Memoriam Michael “Milo” Orem

The Arlington Fairfax IWLA lost a valuable asset in December. Michael “Milo” Orem passed on December 20th at the age of 62. Services were held on December 27th and 28th.

Milo had a wide range of interests. Early on he became a Respiratory Therapist and worked at Fairfax Hospital where he met his wife, Ruth. He then became a licensed maritime engineer and traveled the world. Milo was the guy down in the engine room who kept everything running and ready to go. Milo once said that he was a “serial hobbyist”. Those who knew him will remember that he took everything he did seriously. This included teaching his daughter “DJ” how to safely handle a firearm or to repair a car. He believed in planning out each project, buying quality equipment and maintaining it impeccably.

After becoming an IWLA member Milo contributed in many ways to both the archery and R&P ranges. If Milo saw something that needed attention he just did it, no matter what it was. Some of his more recent projects included rebuilding the overhead baffles, painting just about everything on the R&P firing line, designing, building and contributing material for movable screens between firing positions, and assuming responsibility for annual equipment repair and maintenance all saving the range countless dollars.

In 2009 Milo decided he wanted to contribute a small landscaped area in front of the R&P range house. He spent many hours removing rocks and debris prior to adding mulch, fertilizer and a variety of plants. Milo had to slow down a bit last summer but the last time he was at the range just a few weeks ago, he was planting more bulbs in anticipation of next spring.

Milo’s knowledge, dedication, service and friendship will be greatly missed.

In lieu of flowers, donations may be sent to:

IWLA-Monthly Centerfire Bullseye Matches –November 2010 – March 2011

The Centerfire Bullseye League continues through March. We have had a full complement of shooters for the matches. However, we have room for new IWLA members interested in improving their skills. Participants continue to improve their scores. As shown below, these experts discuss the reason for missing the X-ring.

The Centerfire Bullseye Matches continue through March 2011. Seventeen shooters can be accommodated at the match. We have a few open positions for any new shooters.

The match is held on the first Sunday of each month. Beginners and experts are invited to compete in the Bullseye Pistol Match at 9:00 am at the IWLA rifle/pistol range. All ages and talent levels currently compete in the matches. They are fun and educational. If you are the parent of a young adult and would like them to learn the basics of pistol shooting, you are welcome.

The shooting competition consists of a total of 90 shots at slow, timed and rapid. All participants use center fire pistols or revolvers. All new shooter are invited and we will help educate and encourage you to participate in the competition. Targets are provided for all matches. You bring your pistol, ammunition and lots of enthusiasm. See you on the first Sunday of each month.

If you do not have a centerfire pistol, you are permitted to shoot with your 22 rimfire pistol.

If you are interested or have additional question contact Jack Machey at red-dot-bull@yahoo.com. Please join us for an refreshing and challenging Sunday morning event!

NOVA Sharpshooters

The Junior Shooting program provides shooting opportunities for junior shooters at all skill levels. First there is a basic shooting program for beginning shooters, the focus is firearms safety and basic marksmanship skills. The club also provides it's members with coaching, scheduled practices, equipment and competitive opportunities to take the shooters to the intermediate and advanced level. Competition is a part of the program and we sponsor the NOVA Sharpshooters rifle team. The team competes at the local, regional and national level in 3 position precision air rifle, and in International air rifle. The program also supports high school rifle teams by providing a range for air rifle and sponsoring the Mavericks Rifle Team. The Mavericks is a high school team that consists of shooters whose high school does not have a rifle team. If you are interested in the basic program or want to shoot matches on one of our teams come out to a practice and talk to Coach Tom Pike (703) 802-0740, twpike@verizon.net or Coach Rich Stibrik (703) 455-4359, brik73@hotmail.com. New for this year is international air pistol. Any junior shooter interested in learning to shoot international air pistol for the NOVA sharpshooters should contact Rich Stibrik (703) 455-4359, brik73@hotmail.com.

The Club is supporting the Potomac High School Rifle League (PHSRL) again this year. Three of the nine rifle teams in the Potomac High School Rifle League (PHSRL) are composed of NOVA Sharpshooters; they are the Mavericks, Woodson HS and Lake Braddock HS. West Springfield HS is starting a new rifle team this year with help from the junior shooting program. We also have coaches supporting all four teams. The league will be conducting matches at the air rifle range with our four home teams hosting matches starting in Nov 2010 and continuing through Feb 2011.

MATCH SEASON 2010-2011

The NOVA Sharpshooters will be hosting seven matches this season at the air rifle range. The 2010-2011 match schedule is:

24 Oct 10, 3 Position Air Rifle, 3x20, 60 shots

14 Nov 10, 3 Position Air Rifle, 3x20, 60 shots

19 Dec 10, International Air Rifle, 60 Shots

6 Feb 11, International Air Rifle, 60 Shots.

5/6 Mar 11, International Air Rifle Open Sectionals, 60 Shots & International Air Rifle Junior Sectionals, 60 Shots

19 Mar 11, 3 Position Air Rifle, 3x20, 60 shots

16/17 Apr 1, 3 Position Air Rifle Open Sectionals, 60 Shots 3 Position Air Rifle Junior Sectionals, 60 Shots

To sign up for a match contact Tom Pike at twpike@verizon.net The NOVA Sharpshooters will be hosting seven matches this season at the air rifle range.

More NoVA Sharpshooters info on page 5

NOVA Sharpshooters weekly practices:

Monday 5:00 – 8:30 pm Club practice, Coach Bucky Sills

Tuesday 6:00 – 9:00 pm Advanced/ Club Team practice, Coach Chris Holman

Friday 5:00 – 7:00 pm Club practice, Coach Tom Pike

Friday 7:00-9:00pm Club practice, Coach Rich Stibrik

High School team weekly practices:

Wednesday: 3:00-7:00 pm, Robinson HS Rifle Team, Coach Bob Hardy

Wednesday: 7:30-9:30 pm, Woodbridge HS JROTC Rifle Team, Coach Mark Burns

Thursday: 4:00-7:00 pm, Woodson HS Rifle Team, Coach Chris Holman

Thursday: 7:30-9:30pm, West Springfield HS Rifle Team, Coach Edie Williams

Saturday: 7:30-10:30 am, Lake Braddock HS Rifle Team, Coach Matt Shuster

Anyone interested in joining the NOVA Sharpshooters should stop by one of the practices and talk to a coach or contact Rich Stibrik (703) 455-4359, brik73@hotmail.com or Tom Pike at (703) 802-0740, twpike@verizon.net.

Education and Training

Education and training committee Had his first class of 2011 the first week of January. We conducted NRA Range Safety Officer for total of 23 students. Our next order of business is a training counselor workshop to be conducted in association with the NRA unfortunately this workshop is already filled.

Other courses scheduled for 2011

February 2011	NRA Basic Pistol Instructor Class
March 2011	NRA Personal Protection Inside the Home instructor class
April 2011	NRA Personal Protection Outside the Home instructors class
April 2011	NRA Basic Shotgun instructor class
April 2011	NRA Shotgun Camp (see the registration and flyer in this newsletter)
April 2011	NRA Rifle Shooting Camp, (see the registration and flyer in this newsletter)
May 2011	Woman On Target program (See the registration and flyer in this newsletter)
May 2011	NRA Shotgun Coach School (More information will follow, watch for it)

It never hurts to bring TC
a apple

This is a brief listing of the upcoming classes we are schedule below for 2011. To find more information please go to the chapter's website "arlintonfairfax-IWLA.org" click on the button marked education and training and you will find a complete listing of the years classes, Also information on these classes and you may also register or online registration system.

Isn't Renewal Season Fun?

Obviously that answer varies depending upon who is asked the question. There are reasons I have unlimited cell phone service for all categories. But all things considered, so far the renewals are going at least as smoothly as they went a few years ago. Our members are doing fine filling out their renewal forms, and the people who have needed help with membership categories are still creating much less work than creating, mailing and sending reminders individualized to 2200 active memberships among the 2500 members.

Generally speaking, the staff will try to get your paperwork processed, checks deposited, and cards created within a few days of getting them in the mail. Then the wait begins. The staff will wait until at least three hundred cards are ready to mail out before sending them to the Post Office. We do this to cut the cost of mailing by two thirds. That process means you might wait a few weeks for things to pile up before you get your card in the mail. Certainly through the end of January and depending upon when you get your statements, into February, you can merely check your bank statement to see if the check you sent was cashed.

Valentine's Day is the date the process changes, or when we have already processed 1800 renewals. At that point, we start sending out the remaining renewals individually at higher cost, because we expect to have a total of about 2000 renewals for 200 openings for new memberships most years. So we get to the point where we no longer expect to have a clump of 300 renewals to send out at the same time. If we do have a clump of 300 or more renewals to send out then, they will go in bulk mail. It also means people are playing with fire, since renewals postmarked after the last day of February are subject to late fees, and if you run too late, you might lose your slot again. We have a dozen or so people each year who renew the following year because they lost a year for being late, and we had already filled up. Not a happy place to be.

I would also like to remind our members that we continue to tweak details of our new member process based on experience as we try new things. One of these tweaks is an adjustment to our new member privileges. We adjusted the process a while back to allow new members full range privileges with their temporary badges to provide a five month window for them to get their volunteer hours completed and still enjoy their memberships. For the most part, that has worked out well, but enough of the new members made major mistakes when bringing guests to the ranges that we had to adjust our process. The Chief Range Officers for the major ranges requested the Board to limit new members to using the ranges themselves, not to have guest privileges, until they got their permanent green badges. The Board agreed. The logic here was this made it much more likely the individual would have visited the ranges a few times themselves and have familiarized with the procedures prior to showing up with four of their adult friends on the shooting ranges. So now this means our new members have most but not all the privileges of regular members prior to getting their permanent badges. They can still vote, use the facilities, shoot on the ranges, take classes and get member discounts, pretty much everything any other member can do except bring guests. They get to bring guests after getting their six hours of labor completed so they can get their green (permanent) badge. Please keep this in mind, since while their badge is current (usually a five month window) this applies. When their temporary badge expires, they are still members, but no longer have range rights. They can even renew once prior to getting their permanent badge. If they go more than a year without getting their six hours of labor completed, it would appear someone else wants their membership more than they do and we have people clamoring to join.

Continued on page 7

Membership from page 6

As far as getting in goes, we expect to have about 200 openings again this year, like most years. As I write this on 4 January, I've only received about fifty five emails which had to be sent starting no sooner than 1 January to request slots in the Saturday morning March 5 or Thursday evening April 7 PMOC Classes. There are also 176 emails in the folder of people who requested information about joining in 2011. I don't expect to find it especially challenging for us to fill the Chapter in 2011. Any of your friends who are interesting in joining the Chapter should try very hard to be in the March or April class, since all of them will get in. After that, it will be tenuous at best. Have anyone interested in joining send me an email at IWLA_fairax@yahoo.com which includes their name, address, two phone numbers, and which class they would like to attend if they have a preference and why (e.g. "I have reserve duty the first weekend of every month").

As previously noted, this time of year my phone rings a lot. You will be better off sending me an email, or texting me, than leaving a voice message. When I have 45 voice messages in front of yours, there is a good chance I will not get to it for a long time. I can read and react to text messages and emails much more quickly than voice messages.

Linda and Scott, our two Administrative Assistants supporting membership details among other things will typically be in the office on Tuesday and Thursday afternoons, as well as limited weekend hours that will be posted to the Chapter's website calendar. This information will also be posted on the bulletin board of the Chapter House when available. Hopefully this will simplify the process this year for people who have remaining issues with either joining for the first time or for people renewing. Good luck this year and good shooting.

Jim Showalter
Membership Chairman

Make A Note

Don't Miss the March Membership Meeting!

Richard Gardiner, an Arlington-Fairfax member and local defense attorney with significant experience litigating firearms related cases, will speak on the legitimate and justifiable use of deadly force and pertinent case law in Virginia.

Before entering private practice Mr. Gardiner served as the Legislative Counsel for the NRA Institute for Legislative Action.

News from Field Archery

Indoor Archery Range Open Tuesday's 11 AM Through 2 PM

Submitted by Dick Riemer

I would like to welcome Stan Hillard, Lois Hillard, and Jim Kerrigan, three new members to Cub Run Archers. The three new members have completed range officer orientation and will have the indoor range open for all Izaak Walton League members for indoor shooting every Tuesday from 11:00am through 2:00pm. Come out and do some mid day shooting and meet our new members.

Indoor Archery Winter Fun Shoots

Indoor Archery Shoots will begin Sunday January 9th at the IWLA archery field house and continue every Sunday into early spring. Shoots will start at noon and all IWLA members and their guests are welcome. Food will be available for a small fee.

Survey Shows Fairfax County Residents Support Deer Management Measures

It's amazing how far suburban archery has come in gaining legitimacy as a deer management tool. With the increase in vehicle/deer collisions, Lyme disease, and landscaping damage; more and more of the general public are seeing the value of hunting as low cost option for reducing deer numbers.

A recent survey by the Fairfax County Police Department of more than 6,300 residents shows that a majority of county residents support managed deer hunting. Some highlights from the survey include:

- 66.5 percent of respondents would prefer the deer population decrease.
 - 45.9 percent of respondents are very concerned they will be in a deer-vehicle collision within 12 months.
 - 50.4 percent are very concerned they will contract Lyme disease within 12 months. (62.7 percent believe deer are directly related to the risk of transmitting the disease)
 - 62.7 percent support public managed deer hunts
 - 66.4 percent support the Archery Program to help manage the deer population
- 64.2 percent are not at all familiar with the current Fairfax County deer management program.

Indoor Archery Range Open's for Evening Shooting

Submitted by Dick Riemer

The indoor archery range will open for evening shooting starting Monday November 1st through March 31, 2011. The range will be open for evening shooting Monday, Tuesday, Wednesday, and Thursday evenings 6:30pm till 9:30pm. All IWLA members are welcome to use the range. This is an excellent opportunity for all the Cub Run park hunters to keep their shooting at peak performance throughout the hunting season.

Do you know how to shoot a bow? Do you or your Family want to learn how?

All you have to do is visit Field Archery and ask, they are always looking to help

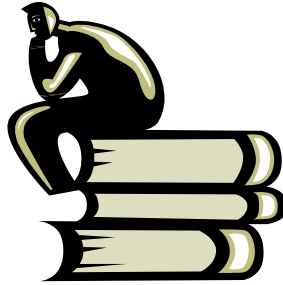

Go ahead give it a try, you might surprise yourself

ARCHERY UPDATE

Cub Run Archers would like to extend a warm welcome and an invitation to all members of the IWLA to take advantage of the many facilities, training opportunities, archery equipment, events and great camaraderie that our club has to offer. Our state of the art indoor range is available for your use anytime a qualified Range Officer is on site. It is common knowledge that a good many regulars in the club are at the range house every morning from approximately 9 am until noon. This is a great time to come down and introduce yourself and find out what Cub Run Archers is all about. If you are new to archery and need advice on anything from bow setup, arrow tuning to shooting technique, not only will you find literally, several hundred years of collective experience, but the equipment to perform those tasks. We especially would like to encourage youth participation and have a great many youth bows that young shooters may practice with to develop their skills. The cost to join Cub Run Archers is only \$15 per year. Though you don't need to be a member of Cub Run Archers to use the facilities, we have a monthly newsletter and several dinners and picnics throughout the year and attendance at even one of these would easily be worth the annual membership. If you are interested, please contact Robert D'Imperio, Secretary, Cub Run Archers, 13490 Edge Rock Ct. Chantilly, VA 20151. You may email Bob at robbyrayd@yahoo.com as well.

The outdoor facilities are available to any member in good standing of the IWLA. We have a practice range with target butts at 5, 10, 15, 20, 30, 40 50, and 60 yards. These are lighted as well if you would like to shoot in the evenings. There is also a crossbow station with a movable target. Remember, crossbows are allowed ONLY at the special crossbow station and not at any of the other targets or ranges. A 28 point field archery course is also available for use to all IWLA members. Daytime use only as there is no lighting on the field course.

A.F. - I.W.L.A. 2010 SCHOLARSHIP

In 1993, the Board of Directors of the Arlington-Fairfax Chapter of the Izaak Walton League of America established its environmental sciences scholarship as a means of demonstrating the Chapter's concern for the environment and for the young people of the tri-county (Arlington, Fairfax and Prince William) area. The scholarship is for a total of 4 years at a value of \$3,000 per year paid directly to the applicant's institution of higher learning in support of their degree in Environmental Sciences or a related field. The scholarship committee of the Chapter reviews the applications submitted each April and makes its recommendation to the Board of Directors on the basis of the applicant's academic achievement, financial need, environmental activities and achievements and the individual character of the applicant. The 2010 Environmental Sciences scholarship has been awarded to Liana Epstein, who recently graduated from Lake Braddock High School. Liana will be majoring in Environmental Sciences/Marine Biology and will be attending Yale University in the fall. Scholarship committee chairman David Dobbins said that Liana's academic credentials, maturity and high level of activity in local and regional environmental programs makes her a most deserving recipient of the scholarship.

SCHOLARSHIP NEWS

As a means of tangibly displaying the concern of our Chapter for both the environment and the young people of this area, the Chapter will be awarding its 2011 Environmental Studies Scholarship this coming spring. The Scholarship will be awarded to a local area high school graduate. The total amount of the scholarship will be \$12,000 and will be paid in four annual installments to the recipient's college of choice. Applications will be accepted from high school seniors who are currently enrolled in Fairfax County, Fairfax City, Arlington County, Manassas, Manassas Park or Prince William county schools (either public or private). The applicant must graduate this coming spring and plan on majoring in Environmental Sciences or a related field of study. The recipient of the Scholarship will be selected by the Arlington-Fairfax Chapter's Scholarship Committee. The committee will review the applications submitted and make their decision based on several factors including academic achievement, financial need, environmental activities and achievements and the individual character of the applicant. Interested seniors can receive a copy of the application from their school's Guidance Counselor's office or access the application from the Chapter's web site (www.arlingtonfairfax-iwla.org). Scholarship information will be mailed to all local schools in January. They may also request a copy of the application directly by writing to Scholarship Committee, Arlington-Fairfax Chapter, Inc., P.O. Box 366, Centreville, VA 20122-0366 or by calling the chapter at 631-4495 and leaving their name and address on the voice mail. Membership in the Arlington-Fairfax Chapter of I.W.L.A. is neither required **NOR** does it constitute a conflict of interest and chapter members are strongly encouraged to promote applications from all qualified applicants. Completed applications must be received NO LATER THAN April 1, 2011.

Watershed Conservation Activities

By Colin Riley

Great Result for the Last Adopt A Stream Cleanup of 2010

On Saturday November 6th, we had a great turnout at our last scheduled Adopt A Stream Cleanup of the year. 24 volunteers filled thirty bags with trash and carried out a number of other large items including 2 tires, the base of a shower enclosure, the stern of a fiberglass boat and a stainless steel double basin kitchen sink. Total weight collected 697 pounds.

Volunteers in front of some of the trash removed from Bull Run on November 6th.

Caporale, Dan McCarthy, Erik Gillian, Niel Gillian and Myself conducted an Adopt A Highway Cleanup of Mount Olive and Compton Roads along with part of southbound Route 28. We picked up 18 bags of trash in two hours.

The Membership of the Arlington Fairfax Chapter of the IWLA would like to thank Karen Ritchie and her students from Rocky Run Middle School for their participation as well as the numerous employees of Datran Media who Also on December 5, 2010, Chapter Members; Jim Pont, Vinnie have helped us so much last Fall.

Planning For 2011 We have picked the "low hanging fruit"

In 2010, there was a remarkable turnout at many of our cleanup events, most notably June 5th when we had more than 60 volunteers at Mason Neck State Park. For the first time ever, we ran out of trash for our volunteers to pick up at some of our cleanups. As a result of our efforts over the past few years, we have removed most of the concentrated and easily accessible trash from our adopted sections.

Going forward I will be looking to recruit some Chapter members to manage and supervise small groups of volunteers which will be able to focus more efficiently on the pockets of flood-borne debris that are still left. Additionally at Mason Neck, since most of the remaining trash is at the edge of the park, I am looking for people with shallow draft motorboats to help transport volunteers to those areas on Saturday April 2nd and Saturday June 4th.

From the Rifle and Pistol Range

Handguns and Holsters

I have noticed several members in the past few months carrying handguns in holsters while at the Rifle-Pistol Range.

When can a member or guest bring a loaded handgun onto the Rifle-Pistol Range? The basic answer is **never**. All firearms brought onto the range must be unloaded and properly boxed, bagged, cased, or otherwise immobilized. (The only exception is for law enforcement officer who are on-duty.) Therefore no one may “carry concealed” while on the range. Also no one can “open carry” a handgun in a holster while on the range. All firearms must remain UNLOADED until authorized by the duty Range Officer when the range is “hot” or ready to fire.

The only place where a member or guest can fire a handgun is at the Rifle-Pistol Range. In effect, handguns are banned at all other ranges. We have had cases in the past where members fired handguns at a camping area or at one of the pavilions. This is very unsafe and cannot be tolerated!

To enter the Rifle-Pistol Range (inside the fence) all firearms must be UNLOADED and should be boxed, bagged, or cased. If you do not have a box, bag, or case then the firearm must be carried with muzzle pointing straight up and the action open. You cannot bring a loaded firearm onto the firing line of the Rifle-Pistol Range. You cannot bring a handgun onto the Rifle-Pistol Range in a holster (open or concealed). You cannot be at the firing line of the Rifle-Pistol Range with a handgun in a holster. And you cannot draw a handgun from a holster while at the firing line. The ONLY exception for holster carry, drawing, and firing of a handgun is during a NRA Personal Protection course operated by the Chapter Education and Training Committee when there are instructors present to monitor each and every course participant AND when the Rifle-Pistol Range is closed to all other shooting activity.

Also the Rifle-Pistol Range safety rules prohibit any loaded firearm during each cease fire period and require all firearms to be benched with actions open. A holstered handgun would be loaded, action closed, NOT benched, and the muzzle NOT pointed in a safe direction. Furthermore, the cease fire rules prohibit “handling” of any firearm during the cease fire. A person with a holstered handgun would be considered as “handling” that firearm!

All of the above is a reminder to All MEMBERS (and, therefore, their guests) to practice safe firearms rules at all times and to obey the chapter and range safety rules. Members who willfully violate these rules can be suspended or expelled from chapter membership. **SAFETY FIRST, LAST, AND ALWAYS.**

Dr Ed, CRO

Update on Theft at Rifle-Pistol Range

Quite a few chapter members have expressed their outrage over the theft of money from the Rifle-Pistol Range that I reported in the last newsletter. One member went further. He wrote a short letter and enclosed a donation to the range to help offset the loss of money that the range had suffered. I would like to quote from his letter:

"After reading the newsletter about the theft of cash, I was extremely irate as I have purposely left EXTRA cash/change in the Rifle/Pistol Range House for the benefit of the club. Here is \$50 to help with replacement of supplies and refreshments. Hope this helps. Sam Reimer"

Thank you Sir for making a donation to the Rifle-Pistol Range. I do not have any other information about the theft at this time.

Dr Ed, CRO

Where Have All the Target Frames Gone? Gone to Kindling Wood Everyone ...

In 2010 we repaired over 850 target frames! That is 2-½ target frames for every day the range was open. It costs us about \$2.50 to repair each frame, so the cost for frames for 2010 was about \$2,125! That covers the wood, the cardboard, the nails and screws, etc. Several of the Rifle-Pistol range officers, including Randy Hancock, Chuck Green, and Joe Duncan, do all the work fixing the frames. They try to salvage as many parts of the used and abused frames as possible, but lots of new wood and cardboard are used up every week.

How do we get to this high fatality rate for target frames? Let me give you a few examples.

How many targets can I fit on one target frame? Some shooters at the Range want to staple as many targets on a single frame as they can possibly fit! And as they shoot at the targets near the edge of the frame, some of their shots miss the target and hit the wooden frame. Perhaps they do not want to walk down to the frame with new targets in some of the cease fire periods!

Got a new gun and I want to try it out! Every so often a member will show up with a new gun and a big box of ammunition. He loads every magazine he has for the new handgun and then he starts blasting away offhand. He doesn't stop shooting until he has emptied all the magazines. Then he looks at the target and wonders why there are no holes near the center of target or even anywhere on the target paper. Instead there are a few holes in the wooden frame and maybe even a couple of holes on an adjacent target in the next firing lane over!

Continued on next page

Let's have a contest shooting handguns offhand at 100 yards! Get bunch of guys together and they all shoot their handy-dandy large bore handguns at targets at 100 yards. Unfortunately they really are not that good of shooters. But who cares if there are a few holes in the target frames? There is always new or rebuilt target frames in the shed every time we come out to the range! And we certainly pay enough dues every year to cover the costs, don't we now.

These are some of the ways we find that target frames die. And it is not just handgun shooters who manage to hit the wooden frames. Rifle shooters account for their share of wounded wooden frames too. And some holes in the frames are really big as in .58 caliber or maybe .69 or .75. Yep, a few blackpowder rounds go astray too. Now I don't expect that each target frame will last three or four months, but 2-½ dead frames EVERY DAY is a bit much don't you think. The Range Officers try to stop some of the worst abusers of the target frames, but their principal job is RANGE SAFETY. Do your part and shoot at distances where you can hit the paper targets. Do your part and sit down and shoot a new gun from the bench until you are certain where the rounds are hitting. Do your part and only put one or two targets on the target frame at ONE TIME. Do your part, shoot safely, and keep all your bullet holes on the paper and off the wood. Thank you.

Dr Ed, CRO

Randy, we need a straight line from here to there

Electric line installed at the 100 yard line to maintain siltation sump. Just 1 more measure to support our EMS program

Air Force Promotion on the Skeet and Trap Range

By Lieutenant Colonel Jeff Del Vecchio

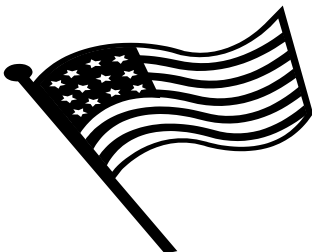

On November 10th, Bucky Sills and Roy Anderson conducted a Trap clinic as a follow on to my promotion to Lieutenant Colonel in the United States Air Force. It definitely was not your traditional promotion ceremony.

The actual ceremony was in front of the Skeet-Trap Clubhouse under the American Flag waving from the flag pole. As my father-in-law, Tony Marino, swore me into my new position as a Lieutenant Colonel, many of the club members that were there to shoot Scrap paused to celebrate this event. As I read the promotion orders, I had to pause when I stated that "I'll defend the Constitution against all enemies, foreign and domestic." It is only because of our constitutional rights that we were able to celebrate this event with the sport of Trap.

After the ceremony, Bucky and Roy conducted a Trap clinic for my family, friends, and co-workers. The clinic was very professional and well taught. Many of the participants never shot Trap before. By the end of the 3 hour clinic, everybody was crushing clays in a consistent manner. More than one person mentioned that this was the most enjoyable promotion they ever attended.

The following day was November 11th, Veterans' Day. It was amazing how many of the club members who were shooting that day is a veteran of our great country. Besides hearing many war stories, I was able to thank many of the members for their service. I extend a belated thank you to all the members of the IWLA who have served our country. I would like to thank one more person, who is also a veteran, John Seaberg. He was the original person who agreed to make this promotion the one I will remember most. Unfortunately, he was not able to attend the ceremony.

Now it is also available on our website

“www.arlingtonfairfax-iwla.org”

CHECK IT OUT

ALL MEMBERS MUST COMPLETE A MEMBERSHIP RENEWAL FORM AND SIGN THE RELEASE STATEMENT!!!

ALL information must be **PRINTED** and **LEGIBLE**. If we can't read it, it may as well not be sent in.

Your address should have been updated before now so you receive your newsletters and your 2011 Renewal Form. Print your name and address in upper left hand corner just below AFC, IWLA address.

All information must be filled in. Do not leave blanks. For your Date Of Birth, we need day, month, and year.

Be sure you **SIGN THE RELEASE STATEMENT**, on the back of the form. If you do not sign it, you will **not** receive your membership card and badge sticker.

The bottom portion of the Renewal Form is YOUR receipt. We don't want it and will not keep it or mail it back to you.

If you lose your Green IWLA Badge and need a replacement, the cost is \$5.00 (five dollars). You will not receive the badge if you don't have the \$5.00. If you lost your membership card with your badge insert on it, there is a \$15.00 (fifteen dollars) charge. This is a new charge. The reason for this is due to the fact there were so many for 2010 that had to be redone, new cards had to be printed. This cost a lot of money; not to mention time and effort.

7. If you have worked your extra eight (8) hours, the credit slip must accompany your renewal form. Be sure your name is on the form. Remember to deduct \$50.00 from your dues owed for 2011. \$50.00 is the most you can deduct no matter how many extra hours you spend with us volunteering your time.

Arlington-Fairfax Chapter, Inc.
Izaak Walton League of America
P. O. Box 366
Centreville, VA 20122-0366

Your current membership expires December 31, 2011
Dues MUST be paid prior to March 1, 2011
If \$50 Dues Credit claimed, 8-HOUR work slip MUST accom-
pany payment.
Renewals postmarked after March 1, 2011 - Add \$25 late fee!
Note: You're membership spot is not guaranteed if you are late

MEMBER RELEASE

Range Badges, Membership Cards and the Gate Combination will not be furnished unless the completed Release Statement has been received by the Chapter. If this is a family membership, then both parties must sign.

RELEASE STATEMENT

In consideration of the permission granted to me to use the pistol, rifle, skeet, trap and archery ranges and other facilities of the Arlington-Fairfax Chapter, Incorporated, of the Izaak Walton League of America, Centreville, Virginia, I do hereby for myself, my heirs, executors, and administrators, irrevocably release and forever discharge the Arlington-Fairfax Chapter, Incorporated, of the Izaak Walton League of America (hereinafter "AFC-IWLA" and all of its officers, directors, agents and employees, acting in or under color of his or her official capacity, from any and all claims, demands, actions or causes of action, costs, charges, and liabilities of whatever kind, on account of my death or on account of any injury to me which may occur from any cause during my use of its ranges and/or facilities.

This release is intended to cover all injuries, fatal or non-fatal and illness of every name, type, kind, or nature and personal property damage, if any, which may be sustained or suffered from any cause whatsoever connected with or arising out of or by reason of participating in the aforementioned activities. I know the risks and unexpected dangers involved in said activities and assume all risks of injury to my person and property that may be sustained in connection with the stated and associated activities, in and about the installation.

I further agree that I will indemnify and will hold harmless the AFC-IWLA and all officers, directors, agents, and employees thereof from any and all costs, charges, claims, demands, and liabilities of any kind arising from the improper or negligent actions of the undersigned while participating in the activities of its property.

I have reviewed the AFC-IWLA Range Safety Rules and the Chapter Ground Rules and I understand and agree to abide by all the provisions therein. I have read and understood the foregoing release. I certify that my attendance and participation in activities at the AFC-IWLA is voluntary.

This release form is in effect as long as I am a member of the AFC-IWLA, or for so long as I may use the aforesaid ranges and/or facilities, both now and at any future times, but in no event longer than is permitted by applicable law.

******* Complete Selection and Survey on Reverse Side *******

The faculty for the Shotgun Camp will be comprised of members of our Training Team. They are experienced Shotgun Instructors and Shotgun Coaches, and are all seasoned competitors.

NRA/ATA Trap Camp – encompasses the basic knowledge, skills, and attitude necessary for safely using a shotgun and shooting trap.

NRA/NSSA Skeet Camp – encompasses the basic knowledge, skills, and attitude necessary for safely using a shotgun and shooting skeet.

Intermediate Trap- designed to allow experienced beginning Trap shooters to hone their skills on a variety of target presentations. Time will be spent on warm up with straight-aways and quartering angles, hard right and hard left angles, handicap, and doubles.

Intermediate Skeet – designed to allow experienced beginning Skeet shooters to hone their skill on a variety of target presentations. Time will be devoted to work on Stations 1, 2, 6, and 7; Stations 3, 4, 5; and Station 8.

I would like to participate in

- ☐ NRA/ATA Trap Camp
- ☐ Intermediate Trap
- ☐ NRA/NSSA Skeet Camp
- ☐ Intermediate Skeet

I will need a loaner shotgun ☐

My shotgun is: ☐ Hinge action over-under ☐ Semiautomatic ☐ Pump

Gauge is ☐ 12ga ☐ 20ga ☐ 28ga ☐ .410

Only 12ga and 20ga ammunition will be provided

I have shot _____ rounds of ☐ 16 yard Trap ☐ Handicap ☐ Doubles ☐ Skeet

I have shot in ☐ a competitive league ☐ ATA Trap Shoots ☐ NSSA Skeet Shoots

Refuse
To Be A Victim.

Saturday

14 May 2011

Women On Target®

Instructional Shooting Clinic

Presented by

**The Arlington-Fairfax Chapter,
Izaak Walton League of America**

Women On Target®

Instructional Shooting Clinics

***Provide you with a safe,
comfortable environment for
learning about rifles, pistols,
shotguns, muzzleloaders, and
archery.***

Only \$75! Includes lunch,
eye and ear protection, loaner
equipment, ammunition and
personal instruction by
outstanding volunteers.

Checks will not be cashed until 8 May 2011

***In addition we will be offering three
courses that do not involve shooting:***

Refuse to be a Victim® is a personal
safety seminar that does not involve
firearms training. Learn strategies that
make you less likely to be a victim of
crime.

Buying & Caring for a Handgun
gives you the information you need to
know before you go shopping.

Methods of Concealed Carry an
excellent primer for those considering
concealed carry. Learn about holsters
(including purse holsters).

***For women only,
ages 14 and over!***

**Space is limited
Register now!**
