2015 Chapter Elections

In accordance with our chapter by-laws, elections for half of the officers and directors are conducted annually to serve for a two year term. Nominations were solicited from the chapter membership and approved at the monthly member meeting in June. The polls were open on the 11th, 12th, 18th and 19th of July 2015. The chapter offices up for election this year were President, Secretary, Membership, Field Archery Director, Rifle-Pistol Director, Youth Activities Director, and four Directors-at-Large. Provisions for write-in candidates were also included on the official ballots.

All valid ballots cast were counted and the votes for each candidate tabulated by members of the election committee. By majority vote, the following officers and directors were determined to be the winners for their respective positions:

President: Ernie Padgette

Secretary: Pam Meara

Membership: Steve Landry

Field Archery: Dick Reimer

Rifle-Pistol: Ed Franzosa

Youth Activities: Tom Pike

Directors-at Large:

Carl Armstrong

Benn Crandall

Randy Hancock

Chris Rose

The duly elected individuals will be officially installed and begin their term of office at the member meeting in August. Congratulations to all of the winners and thanks to all of the chapter members who came out to vote.

SCHOLARSHIP NEWS

In 1993, the Board of Directors of the Arlington-Fairfax Chapter of the Izaak Walton League of America established its environmental sciences scholarship as a means of demonstrating the Chapter's concern for the environment and for the young people of the tri-county (Arlington, Fairfax and Prince William) area.

The scholarship is for a total of 4 years at a value of \$5,000 per year paid directly to the applicant's institution of higher learning in support of their degree in Environmental Sciences or a related field. The scholarship committee of the Chapter reviews the applications submitted each April and makes its recommendation to the Board of Directors on the basis of the appli-

cant's academic achievement, financial need, environmental activities and achievements and the individual character of the applicant. The 2015 Environmental Sciences scholarship has been awarded to **Monica Banghart**, who recently graduated from West Springfield High School. Monica will be majoring in Conservation Biology and will be attending the State University of New York College of Environmental Science and Forestry in Syracuse, New York in the fall. Scholarship committee chairman David Dobbins said that Monica's academic credentials, maturity and high level of activity in local and regional environmental programs makes her a most deserving recipient of the scholarship.

Presidents Column

This retirement thing isn't working out the way I thought it would. Understand, I wasn't necessarily expecting an earthshaking adjustment in my daily life; I was simply planning on having a bit more time to do the things I enjoy; the things for which I never previously seemed to have time. And, I'd have a bit more time for the things for which I have always volunteered; things like the Izaak Walton League, the Virginia Shooting Sports Association (VSSA), and various other groups to which I donate time, energy and money. Somehow, it hasn't worked out that way.

You see, I've been actively making plans for retirement for a very long time. In my early twenties, I was asked "Why do you save all the books you read? And why do you buy more books than you have time to read?" The answer was, to me at least, pretty simple. If the book was worth reading, it was worth keeping and possibly rereading some time later. Maybe after I retired, but that day would come. And if I didn't have time to read all the books I bought, that was fine. The day would come when I would have time to read them; and they would be there on the bookshelves, waiting for me. So maybe 13 bookshelves full and over full of books are a bit much, not to mention those still carefully packed into boxes; but I always felt better knowing that they were there, waiting for the day. One day I would have time.

As a child, I enjoyed putting together plastic models; mainly aircraft and ships; occasionally an interesting car or two. The last time I actually constructed one was a long, long time ago. But I still stumbled across and bought one now and then; something that was unusual or interesting, and put it on the shelf. I never had time to work on them, but one day I would have time.

In my late twenties, I started playing wargames; those very intricate, complicated and historically accurate recreations of history in the making. I never had enough time to dedicate to it, but I enjoyed it tremendously; and I learned a lot about history from the exercise. And I started collecting wargames from all different time periods. No, I didn't have time to play with them all, not even close; but I kept them all there on the shelves. One day I would have time.

In the late eighties, I started shooting competitively and as I went along, I gathered a few rare and/or collectible firearms. Maybe more than a few. I didn't have time to shoot them all, but they were there on the shelf and available

when I wanted them. One day I would have time.

A few years back, I got into racing radio control (RC) cars and flying RC airplanes. Yeah, I collected more cars and planes than I had time to race or fly. But that was okay. One day I would have time.

As I went along, my grandson, Harley started tagging along. He was like a shadow, always with me as I did what I did; learning from me and growing to be a fine young man. No, I never spent enough time with him; at least not as much as we wanted; but that's always the way it is. After all, one day I would have time.

Three years ago, I finally retired. Now there would be time for the books; the models; the games; the shooting; the RC cars and planes. And for spending more time with Harley and his two sisters. I'd even have some extra time to get even more involved with IWLA, the Arlington-Fairfax Chapter and VSSA. But it didn't work out that way. A few days after I retired, the local Home Owners Association (HOA) contacted me. They reminded me I had, for several years, refused to get involved with the HOA. Not enough time; too much work; too much travel. But now I was retired; and I had more time. So, I agreed to run for the HOA Board of Directors. At the first meeting, they elected me to be President. And I did get more involved and engaged with IWLA, ARL-FX and VSSA. And before I knew it, I was even busier than I had been before I retired.

The books remain unread. The plastic models sit on the shelf. The wargames are untouched. The guns remain unfired. Somehow, I don't seem to get to play with the RC cars and planes, like I thought I would. It wasn't going to be this way. This wasn't what I had in mind for my retirement. And last Tuesday, my grandson Harley left for Navy boot camp.

The books, the models, the wargames, the guns, the cars and planes are still sitting there; waiting for me to have the time. But Harley is gone; and he won't ever be my little shadow again. People won't sit on the shelf and wait for me to have time for them. It wasn't supposed to be this way.

CUB RUN BUCKBUSTERS 3-D SHOOT: SUNDAY SEPTEMBER 20th

With the upcoming Fall Archery Deer Hunting Season you will not want to miss this VBA Shoot. Twenty eight 3-D animal targets throughout our wooded archery range. This is the right place to be, the right thing to be participating in during this time of year. Come on out and have some fun, bring the whole family and friends. Non IWLA members are welcome for this shoot. Cub Run will be serving sandwiches and snacks from our snack bar throughout this event. Registration 9:00am till 1:00pm.

ARCHERY UPDATE

Cub Run Archers would like to extend a warm welcome and an invitation to all members of the IWLA to take advantage of the many facilities, training opportunities, archery equipment, events and great camaraderie that our club has to offer. Our state of the art indoor range is available for your use anytime a qualified Range Officer is on site. It is common knowledge that a good many regulars in the club are at the range house every morning from approximately 9:30am until noon. This is a great time to come down and introduce yourself and find out what Cub Run Archers is all about. If you are new to archery and need advice on anything from bow setup, arrow tuning to shooting technique, not only will you find literally, several hundred years of collective experience, but the equipment to perform those tasks. We especially would like to encourage youth participation and have a great many youth bows that young shooters may practice with to develop their skills. The cost to join Cub Run Archers is only \$15.00 per year, per family. Though you don't need to be a member of Cub Run Archers to use the facilities, we have a monthly newsletter and several dinners and picnics throughout the year and attendance at even one of these would easily be worth the annual membership. If you are interested, please contact Robert D'Imperio, Secretary, Cub Run Archers, 13490 Edge Rock Ct. Chantilly, VA 20151. You may email Bob at robbyrayd@yahoo.com as well.

The outdoor archery facilities are available to any member in good standing of the IWLA. We have practice range with target butts at 5, 10, 15, 20, 30, 40, 50, and 60 yards. The range is lighted for shooting after dark. There is

crossbow station with a bag target for field point shooting and a broadhead targets for shooting broadheads. **Remember**, crossbows are allowed, **Only To Be Shot From The Crossbow Station** and not at any of the other targets or ranges. A 28 point field archery course is also available for use to all IWLA members. Daytime use only as there is no lighting on the course.

Shooting Reminder

Only Shoot Broadheads Into A Broadhead Target Butts! If you do not know the difference between the two kinds of target butts on the range please ask someone at the range before you start shooting. The target butts cost IWLA members \$250 each. Help us get the most life out of each target butt as possible. **No Core Drilling Broad heads Are Permitted To Be Shot At The Field Archery Range.** These are the **TOXIC AND THE CYCLONE** and any new core drilling broad heads that comes on the market.

Deer Processing Station

For all the IWLA deer hunters who would like to process their own deer, the deer processing station is twenty yards off the Field Archery Deck. The area is lighted with running water from a garden hose located by the deck entrance. You will need to bring trash bags with you for proper disposal of all parts of the carcass. **When finished be sure to wash the area down completely putting all remains in plastic bags before going into any dumpster. During cold weather when finished be sure to drain the hose of water to keep it from freezing.**

Archery 101 Session

On Sunday September 27th and Sunday October 25th Cub Run Archers will be hosting a beginner's archery class. The class will take place in the indoor archery range starting at 1:00pm till 4:00pm. The class is for those who have never shot archery before or have very little knowledge in the sport of archery and would like to see what our sport is all about. The class will cover the different types of archery equipment, safety, purchasing of equipment, and shooting. We have the bows and arrows.....all you need to do is show up. For IWLA members the class is \$20.00 for adults and \$10.00 for children with a max of \$30.00 per IWLA family. Non IWLA members the class is \$25.00 per adult and \$15.00 for children with a family max of \$40.00. Class Fees will be collected before the start of the class beginning at 12.45pm. To register for the class email Dick Riemer, riemer@cox.net or by phone 703-543-8585. For Children's registration please include their age. The class will be limited to 35, do not wait too long to register.

Queen Ann Archers

Queen Ann Archers Junior Olympic Archery Development (JOAD) Club 2014 - 2015

The young boys and girls from Queen Ann completed another successful indoor archery season highlighted by increased membership and parent certification. Interest in archery is exploding across the nation as more and more children are drawn to this exiting sport and Queen Ann is benefitting from it. According to Denise Parker, USA Archery CEO and Olympic Bronze Medal Winner, people are connecting with archery more than ever before, and we see that reflected in membership numbers and event participation. Thanks to movies like "The Hunger Games" and "The Avengers," people have tried archery and found it to be a fun sport that they can enjoy throughout their lives. In the past twelve months especially, we've seen huge increases in female and youth participation, and we're excited to see that trend continue."

USA Archery, the national governing body for Olympic archery, reports a 72% membership surge in the past 12 months alone, and the Archery Trade Association (ATA) recently reported that 18.9 million Americans participated in archery and/or bow hunting.

For children who are interested in archery, there are several options; both USA Archery and the National Field Archery Association have children's programs. USA Archery, the organization that trains the US Olympic team, has the Junior Olympic Archery Development Program (JOAD), while NFAA runs the After School Archery Program (ASAP), and several states are participating in the National Archery in the Schools Program (NASP). Additionally, many archery shops, ranges, and summer camps offer archery instruction. Many offer free introductory lessons, and most provide or rent equipment, so you don't need to spend a lot of money in order to try the sport.

Queen Ann offers youth of all ages and ability the opportunity to participate in the sport. We have access to a first-rate facility, equipment and certified instructors to provide a structured program that fosters growth. A core program we support is the JOAD Star Pins that are awarded for the scoring achievements of each registered archer. Under the Star Pins Program, JOAD archers can earn Star Pins for shooting indoors and/or outdoors with recurve and compound bows. Each Star Pin is a different color, and each has a successive number of stars on it to represent the increasing challenge in earning that particular award pin. In order to allow the greatest flexibility in terms of indoors/outdoors, recurve or compound, each pin can be earned in a variety of ways.

A key to our success is access to our certified coaches who help administer Queen Ann's structured archery program. Currently our leadership boasts individual certified coaches at level 5, 3, and 2. We also have five recently certified level one coaches. Depending on the archer's skill level and aspirations, Queen Ann offers the right mix of coaching.

In May, we kicked off the outdoor season. We meet every Saturday morning from 9:00 – 11:00 at the outdoor range. All interested archers are welcome to stop by and visit with members of the club or contact Scott McCain 703-393-2532 or the4mccains@verizon.net for further details.

Firewood for Sale to Our Members

The chapter has a limited amount of firewood available for purchase as the result of clearing for the air rifle and archery ranges, eliminating trees that presented an unsafe situation, and forest management. The wood is primarily oak with some other hardwoods and is cut to 18 inch lengths, split and stacked next to the conservation shed across from the Rifle-Pistol Range. Buyers are responsible for loading and hauling the firewood. Interested chapter members should contact either Bucky Sills (703-906-5362) or Bob Barrett (703-987-1005) for additional details and pricing information.

The Bucky Sills Air Rifle Range

Just over a week after the Grand Opening, we were approached by the US Navy, Wounded Warrior team for the Warrior Games. The Warrior Games are an annual series of competitions for Wounded Warriors currently hosted by DoD. This year they were held at Quantico VA. We have had people coached by one of our coaches, medal at 5 of the last 6 Games.

The Navy team was in town with no place to practice, and they came to us. We held 5 practices for them between 16 June and 22 June. The US Navy team did very well at the Warrior Games with 5 medals and put 12 of 20 starts into the finals. Included the most incredible sight. At the prone open final, Team Navy had 6 of the 8 people in finals. Sadie Strong won double gold medals, prone and standing. Robert McMullin, the Coach of the Navy Team said "We could not have done this without you!"

Another shooter that started at our old range with the US Army team out of Fort Belvoir took Bronze in Standing SH-1.

Right behind that, was the World Police and Fire Games.

We were originally scheduled for two days, but because there were only 40 competitors, World Police and Fire Games (WPFPG) only scheduled one day. So we have 2 relays scheduled for 31 shooters. First relay is arrive at 9:00 AM shoot at 10 and second relay is arrive at noon start shooting at 1:00. The WPFPG format is 60 shots in 120 minutes, but we don't have electronic targets so we planned it for 3 stages of 20 shots in 40 minutes.

There were supposed to be 4 shooters on the Mongolian team, but for some reason only one of them, Bayar Sain-Er, made it to the US. A little before noon Bayar arrives at the air rifle range. His first question to Tom Pike (the Match Director) is "what time shoot tomorrow?" Tom told him there was no relays tomorrow, just today at 9 and noon. Bayar pointed to another name on the list (Enkhsaikhan Olzod), and says "him plane 12:30". Tom said "WHAT his plane LANDS at 12:30" and Bayar gave him a nod of his head. Tom said he can shoot if he arrives late, but we cannot give him any extra time.

At 1:00 the relay starts with 40 minutes for the first 20 shots-standing. At about 1:30 the door of the range flies open and in comes Enkhsaikhan dragging his gear bag. He had just spent the last 24 hours on airplanes getting to Dulles. We get him to his point, he strips down to his underwear and starts putting on his under armor right on point 10. Since one of his other teammates did not make it, point 9 was still open. Tom told him we would hang his targets on point 9 and 10 so he could shoot in the remaining two stages. Then he tells me that he and Bayar will share a rifle! Tom offered to rent him one of our club guns and he took us up on it, so both Mongolian shooters will be shooting a borrowed rifle.

Enkhsaikhan went on to shoot 30 shots in each of the following two stages where other competitors each fired 20 shots. His final score of 584-30 won the gold medal. I just goes to show you that you don't need all that fancy stuff to win a match, You need to be able to handle the stress of arriving late and being out of your comfort zone. You need to have faith in your training and abilities. You need to focus on one perfect shot at a time.

In honor of Enkhsaikhan Olzod, we are going to have our first Mongolian match on August 21-22. The match will start after normal Friday night practice at 9:00 PM on the 21st. It will begin with a lock in for the shooters where we will have pizza and snacks, music playing all night, and maybe some movies playing in the entrance area. We will probably do some fun shoot stuff and air pistol as well. This will simulate the 24 hr plane flight. On Saturday morning the shooters will have to run a short distance to get their heart rate up and stress of rushing through an airport and getting to the match. Then they will shoot a 60 shot standing match with someone else's rifle that is not the same model as they normally shoot. They will be given only 2/3's the normal time to shoot. We should finish up around 9 or 10 AM.

World Police and Fire Games WOW what an Event!

From June 27th thru July 2nd, our Chapter hosted 6 different events over 5 days.

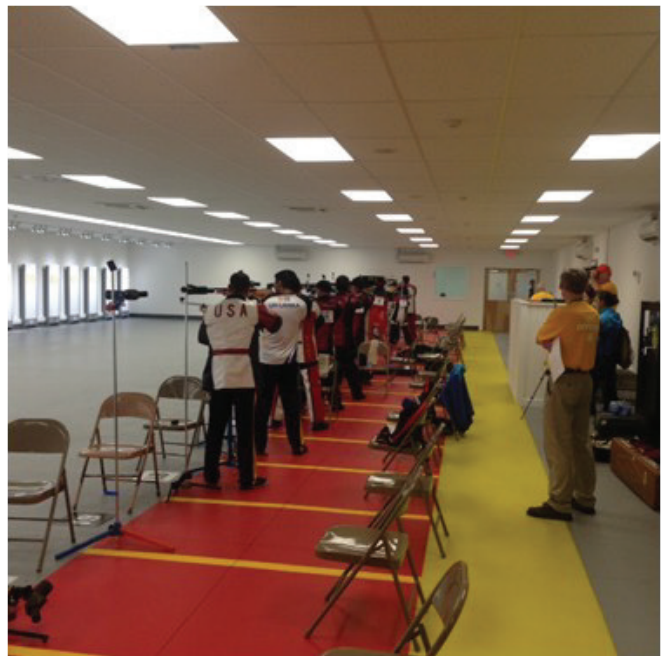

It didn't happen without challenges, but all-in-all the athletes and their families truly appreciated our facility and the volunteers who made this happen. We received many compliments about the facilities and the organization of the competitions.

We had over 60 club members participate, volunteering more than 1000 hours of their time, sweat and muscle to make this event possible. We hosted 150 shooters over 6 days from 14 countries, SAFELY ... we threw over 40,000 targets in 5 days, we policed the

same number of shell hulls (yuk), we served more than 400 meals to very grateful shooters THIS is the type of effort that sets our club (and our members) apart from all others.

Congratulations to everyone who volunteered to make the **World Police and Fire Games** one of the best (and the biggest) events IWLA has ever hosted.
