

About Us

Cub Run Archers (CRA) draws its membership from the Arlington Fairfax Chapter, Inc. of the Isaac Walton League of America (ARL-FX). **In order to be a member of Cub Run Archers, you must first be an Arlington Fairfax IWLA member.**

The above is driven by the fact that Cub Run Archers is on the ARL-FX chapter grounds, and its resources are a shared use resource available for use by all ARL-FX Chapter members.

In essence, CRA is a group of like-minded archery enthusiast members of Arlington Fairfax IWLA that help maintain a world class archery facility at the Chapter. Members of Arlington Fairfax IWLA do not need to belong to CRA to use the archery facilities. But if you have a passion for archery and want to help maintain the excellence established at the facility, CRA membership is a way to help ensure that continuity.

A little History:

Around the 1950's the ARL-FX Chapter BOD established a field archery committee to promote archery within the Chapter. This committee evolved into the current Cub Run Archers (CRA). The Preamble to the CRA By-Laws states that the CRA "is authorized by the Arlington-Fairfax Chapter of the Izaak Walton League to further the art of archery and promote and establish facilities for the enjoyment of this sport for the Arlington-Fairfax IWLA membership."

What are the benefits of CRA? Virginia Bowhunters Association (VBA) by-laws require membership in a VBA affiliated archery club in order for individuals to compete in VBA matches. VBA by-laws require that the affiliated archery club promote the sport of archery. VBA by-laws also require the President, Vice President, Secretary, Treasurer and Range Captain of the affiliated club be VBA members.
